#### HEPATITIS B:

**3 Doses at any age**

#### VARICELLA:

**1 Dose**

- **Physician-documented varicella (chickenpox) disease history or immunity also meets the varicella requirement.**
- 

### DOCUMENTATION

California immunization laws and Irvine Unified School District Policy 5141.31 require that upon school entry, **all pupils must show written proof of immunizations**. A personal immunization record completed by a physician or clinic **or** the blue California School Immunization Record from a former school **or** another state's school record serves as documented proof. The document must be in English and must include:

- Child's name
- Child's birthdate
- Type and date of each dose of vaccine, including month and year as a minimum. (For measles, rubella and/or mumps vaccine given in the month of the first birthday, month, day and year are required.)
- Name of physician or clinic who administered the vaccine
- If immunizations are transcribed from previous records by the attending physician/clinic "TRANSCRIBED" must be written next to each immunization or diagonally across all lines for a vaccine series. The attending physician/clinic stamp must be stamped on the front of the immunization record to confirm who verified the immunizations.

Immunization records are reviewed by school staff to verify compliance. Resources are provided to assist families in obtaining needed immunizations. In rare instances, exemptions can be elected.
